

Second call for papers

Joint Congress of the
**6th International Conference on Meteorology and Climatology
of the Mediterranean**
&
Challenges in Meteorology 5

Zagreb (Croatia), 20 – 22 February, 2017

The Joint Congress aims to show, discuss and disseminate the contributions of the international scientific community on different aspects of the meteorology and the climatology of the Mediterranean Basin and foster communication between different research groups.

The meeting [programme](#) will cover the following thematic blocks:

1. Climatology

Conveners: Čedomir Branković and Jose Antonio Guijarro
Invited Speaker: Assist. Prof. Douglas Maraun, University of Graz

2. Processes and applications

Conveners: Maja Telišman Prtenjak and Jose Luis Palau
Invited Speaker: Dr. Maria Carmen Llasat, University of Barcelona

3. Remote and in-situ measurements

Conveners: Željko Večenaj and Joan Bech
Invited Speaker: Dr. Bianca Adler, Karlsruhe Institute of Technology (KIT)

4. Numerical modeling

Conveners: Kristian Horvath and Maria Antonia Jimenez
Invited Speaker: Dr. Yong Wang, Zentralanstalt für Meteorologie und Geodynamik (ZAMG)

5. Mountain Meteorology

Conveners: Branka Ivančan Picek and Josep Calbó
Invited Speaker: Prof. Branko Grisogono, University of Zagreb

6. Interdisciplinarity in atmospheric, ocean and hydrologic sciences

Conveners: Ivica Vilibić and Elcin Tan
Invited Speaker: Dr. Nils Wedi, ECMWF

Organisers

- Catalan Association of Meteorology (ACAM)
 - Croatian Meteorological Society
- With the support of:**
- Fundación CEAM
 - Meteorological and Hydrological Service (Croatia)
 - University of Zagreb

More information

- Visit 5th MetMed webpage: www.metmed.eu
- Contact to MetMed secretary: secretariat.jmmo@tethys.cat

Important dates

- Pre-registration and abstracts due: **from May 23rd to September 19th, 2016**
- Notification acceptance: **October 14th, 2016**

Venue

Kraš Auditorium

Ravnice 48, Zagreb (Croatia), [Map](#)

Organizing and Scientific Committee

Organizing Committee: Jose Luis Palau (Center of Environmental Studies of the Mediterranean), Kristian Horvath (Meteorological and Hydrological Service of Croatia), Maja Telišman Prtenjak (University of Zagreb), Ksenija Cindrić Kalin (Meteorological and Hydrological Service of Croatia), Jadran Jurković (Croatia Control Ltd), Vesna Đuričić (Meteorological and Hydrological Service of Croatia), Karmen Babić (University of Zagreb), Andreina Belušić (University of Zagreb), Antonio Stanešić (Meteorological and Hydrological Service of Croatia), Maria José Sales (Modeliza), Lluís Fita (Pierre and Marie Curie University).

Scientific Committee: Kristian Horvath (Meteorological and Hydrological Service of Croatia), Jose Luis Palau (Center of Environmental Studies of the Mediterranean), Maja Telišman Prtenjak (University of Zagreb), Josep Calbó (University of Girona), Branka Ivančan-Picek (Meteorological and Hydrological Service of Croatia), José Antonio Guijarro (Spanish Meteorological Agency), Čedo Branković (Meteorological and Hydrological Service of Croatia), Joan Cuxart (University of the Balearic Islands), Ivica Vilibić (Institute of Oceanography and Fisheries), Maria Antonia Jimenez (University of the Balearic Islands), Željko Večenaj (University of Zagreb), Joan Bech (University of Barcelona), Elcin Tan (Istanbul Technical University), Giuseppina Scavone (University of Basilicata), Lluís Fita (Laboratoire de Météorologie Dynamique).
